

LG VX5600 Battery Replacement

This guide will show you how to install a new battery into your LG VX5600 phone.

Written By: Irena Tran

INTRODUCTION

This guide requires very little disassembly to complete.

Step 1 — Battery

- Hold your phone with the back casing facing you and the bottom of the phone towards the sky.
- Push down on the cover and slide down to remove. You should only have to apply minimal pressure.

Step 2

- Insert your finger into the small indentation above the battery.
- Push down on the battery and pull it away from the phone; it will pop out.

To reassemble your device, follow these instructions in reverse order.
